EDUCATION

Ramrao Adik Institute of Technology, D. Y. Patil Deemed to be University <i>B.Tech in Computer Science Engineering — CGPA: 7.19/10</i>	July 2024 – Present Navi Mumbai, India
Pace Jr. College (State Board) — 12th Grade, 70%	July 2022 – March 2024
Fr. Agnel M High School (State Board) — 10th Grade, 79%	June 2010 – March 2022

EXPERIENCE

Venn — Founder & Developer (Personal Startup) <i>React Native/Expo, Supabase</i>	May 2025 – Present Navi Mumbai, India
- Building "Venn," a Hinge-style flatmate-matching app for the Indian rental market from the ground up. - Designed budget and location as hard upfront filters, with compatibility as the ranking layer to surface better matches. - Architected a "search together" flow as the core product differentiator against incumbents like 99acres and NoBroker. - Built the full Supabase backend, including database schema, RLS (Row-Level Security) policies, and an auto-match trigger. - Leading pre-launch execution, including planning a flagship offline community event ("Venn Night") for brand-building and early user acquisition. - Developing monetization strategy centered on pass-based freemium pricing over traditional subscriptions.	

PROJECTS

Furrllet — Dog-Walking Marketplace · <i>TypeScript, Next.js, Prisma, Flutter, Razorpay</i>
- Built a territory-exclusive marketplace connecting dog owners with local walking businesses, with Razorpay Route integration for automated commission splitting. - Sunset the product after validation surfaced unit-economics issues — tested demand and pricing before scaling.
Personal Portfolio — amritbuilds · <i>HTML, CSS, JavaScript, GitHub Actions</i>
Designed a zero-dependency interactive portfolio with an in-browser terminal emulator, command palette, and a custom 2D physics engine (gravity, collisions, drag-and-throw); CI/CD auto-deploy via GitHub Actions.
Jarvis — Personal AI Assistant · <i>Python, Claude API</i>
Developed a voice- and text-driven desktop assistant powered by the Claude API, with text-to-speech output and silent Windows startup integration for hands-free daily use.
Kinesis Run Club — Registration Portal + Admin Dashboard · <i>HTML, CSS, JavaScript</i>
Built a responsive multi-page site for a community run club — landing page, run-registration form (distance/pace/travel), confirmation flow, WhatsApp/social integration — plus a separate admin dashboard for managing registrations.
Smart Campus Navigation System · <i>JavaScript, Python, HTML5/CSS3</i>
Built a campus navigation system for D.Y. Patil University helping students and visitors find routes between campus locations.
The LockedIn Timer — Focus Browser Extension · <i>JavaScript, Chrome Extensions API</i>
Built a browser extension that blocks distracting websites during timed focus sessions, with popup timer and options page.

TECHNICAL SKILLS & CERTIFICATIONS

Languages:	Java, Python, JavaScript/TypeScript, HTML/CSS, SQL
Frameworks:	React, React Native/Expo, Node.js, Flask, Supabase, Firebase, REST APIs
Tools:	Git/GitHub Actions, MySQL, Power BI, Jupyter Notebook, Claude Code (AI-assisted development), MS Office

Technologies: AI, Machine Learning

Certifications: Object-Oriented Programming with Java – Campus Credentials; Virtual Environment Development using Unity – RAIT ACM; AWS Cloud Practitioner Essentials – AWS Skill Builder

LEADERSHIP

Photo Circle-RAIT — Jr. Video Editor Nov 2026 · Navi Mumbai, India

- Managed end-to-end video production — coverage, editing, and delivery for digital platforms.
- Led video coverage for flagship events (EPL, DYT20), producing highlights and promotional content for technical fests, cultural programs, and sports tournaments.
- Coordinated junior team members and streamlined workflows during high-volume event schedules, aligning content with Instagram engagement and growth goals.

EXTRA-CURRICULAR

- Participated in Smart India Hackathon (SIH) representing the project AQUA Alert. (May 2025)
- Conducted a workshop on Content Creation and Canva as a speaker.
- Led the design team as Design Head in ISTE Committee — event branding, promotional campaigns, and digital marketing (social campaigns, banners, reels).

HOBBIES

Photography, Football, Guitar, Reading Entrepreneurial Books
